

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	[Exercise 1]	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
[The user will choose a menu option: show total, add penny, add nickel, add dime, add quarter, clear bank, or quit.]	[The program will read the users menu choice and update the piggy bank by adding a coin, showing the total, clearing the bank, or exiting.]	[The program will display the total amount in the bank when the user selects show total, or update the bank for add or remove actions, or end the program when the user chooses quit.]
